OCI 2760/55

10 October 1955

Chief, [REDACTED]

CIA Senior Staff Officer

Provision of Microfilm and Aperture Cards to NSA

1. This office has been informed of the concurrence of all IAC agencies in the waiver of the "Third Agency" rule regarding CIA release of microfilm copies of IAC agency documents to NSA.

2. Beginning on 10 October 1955, OCR will forward to NSA:

- a. A positive copy of the microfilm resulting from CIA filming of the intelligence documents received in CIA from IAC agencies, from other sources and produced by CIA. (An estimated 10% of the copy will be 35mm film which must be handled and stored permanently in reel form.)
- b. A copy of each CIA aperture processing card from which NSA can prepare finished aperture cards.
- c. One copy of each CIA control card corresponding to each document supplied on film.

3. OCR will provide cost data on film and aperture cards at the end of three months of operation from which obligation and reimbursement schedules can be established between CIA and NSA finance offices.

4. [REDACTED] will act as OCR coordinator for the implementation of this program.
